

Vertical Filing Cabinet

Our vertical filing cabinets are robust, practical and are built from durable components to withstand frequent use.

All drawers are mounted on double extension ball bearing slides which are smooth and easy to operate.

The drawers extend fully for convenient access to the entire drawer.

The cabinets are provided in two drawer widths to accommodate legal and letter size files.

Vertical Filing Cabinet

KEY FEATURES

- Limited lifetime warranty, per conditions
- Durable steel structure
- 66 lbs and 99 lbs ball bearing slides for uniformly distributed load for each drawer
- Drawers operate on full-extension precision ball slides for smooth movement
- Suitable to store legal and letter size files
- Full height drawer sides and back to provide additional storage capacity and added strength
- Full-extension drawers for convenient access to the entire drawer
- Anti-tilt design allows one drawer to be opened at a time, thereby preventing the cabinet from tipping over (product must be placed on level ground)
- Anti-rebound mechanism prevents drawer from coming out again after it is pushed in
- Legal vertical filing cabinets can also accommodate letter size files with the incorporation of a cradle
- Security bar can be provided for each cabinet for additional protection
- Central cam lock controlling all drawers
- Core-removable locks can be provided on request
- Master keys can be supplied for all locks
- Locks have 3,000 combinations
- PVC, metal or formed label holder for each drawer can be supplied on request
- Alternate gauges of steel are available
